Keeping them in view Profit Foundation planned its activities for the reporting period and tried its best to achieve the target successfully.

However, **Profit Foundation** sometimes had to redesign its programmes for making adjustment with some urgent and need based programmes to meet the local people requirements. To accelerate the process of successful implementation of its programmes **Profit Foundation** continues to develop the skill of its staff as well through various in-countries. Although the existing organizational set-up and the number of human resources is not huge like other traditional organizations, yet Profit Foundation has been endeavoring to achieve the goal of creating an enabling atmosphere for genuine overall development in Bangladesh for overall socio-economic empowerment of the poor, a just and gender-equitable peaceful society.
